Supporting your local traders has a positive impact on your local economy – Here's why....
For every £1 you spend with a local, independent business, between 50p-70p circulates back into your local economy. Shopping locally supports local traders, their suppliers, and the people they depend on to run their businesses. Buying locally boosts your local economy, rebuilding confidence in the community, enabling local businesses to prosper and grow. Sadly, it's a case of "Use It or Lose It". So, thank you for choosing to spend time with us this Halloween!
